file://C:\Work\Patents\Applications%20Pending\P5943C\Declaration%201.132%20evide...   10/11/2004

Hardware Requirements:

	MS Windows 95 or later OS or
	MS NT Workstation OS ver. 4.0; Service pack 3 or later
	300 MHz Pentium-compatible CPU or higher recommended
	RAM:
	16 MB RAM for Windows 95/98 OS and 32 MB for Windows NT Workstations
	Additional 4 MB RAM for each application running simultaneously, except:
	8 MB required for Outlook, Access, FrontPage
	16 MB required for PhotoDraw
	Recommended total 256 MB to accommodate Office suite, other applications, toolbar, etc.
	Disk Space:
	252 MB for Word, Excel, PowerPoint, Outlook, Access, FrontPage
	174 MB Published, Small Business Tools
	100 MB PhotoDraw
	CD-ROM required for non-network installations
	Network Card required for network installations
Office 2000 Professional includes: Word, Excel, Outlook, PowerPoint, Access, Publisher, Small Business Tools	**For Installing a typical configuration to the local PC** **CPU:** 75 MHz Pentium-compatible CPU or higher for
	MS Windows 95 or later OS or
	MS NT Workstation OS ver. 4.0; Service pack 3 or later
	300 MHz Pentium-compatible CPU or higher recommended
	RAM:
	16 MB RAM for Windows 95/98 OS and 32 MB for Windows NT Workstations
	Additional 4 MB RAM for each application running

	simultaneously, except:
	8 MB required for Outlook
	8 MB required for Access
	Recommended total 256 MB to accommodate Office suite, other applications, toolbar, etc.
	Disk Space:
	217 MB Word, Excel, PowerPoint, Outlook, Access
	174 MB Publisher, Small Business Tools
	CD-ROM required for non-network installations
	Network Card required for network installations
Office 2000 Standard Includes: Word, Excel, Outlook, PowerPoint	**For installing a typical configuration to the local PC** **CPU:** 75 MHz Pentium-compatible CPU or higher for MS Windows 95 or later OS or MS NT Workstation OS ver. 4.0; Service pack 3 or later 300 MHz Pentium-compatible CPU or higher recommended **RAM:** 16 MB RAM for Windows 95/98 OS and 32 MB for Windows NT Workstations Additional 4 MB RAM for each application running simultaneously, except: 8 MB required for Outlook Recommended total 256 MB to accommodate Office suite, other applications, toolbar, etc. **Disk Space:** 189 MB Word, Excel, PowerPoint, Outlook CD-ROM required for non-network installations Network Card required for network installations
